### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: As noted in the previous Office action, none of the prior art shows that the system management interrupt handling instructions are fetched from an integrated system management memory in a memory controller regardless of a system management memory address indicated by the processor in response to the system management interrupt acknowledge. The closest prior art appears to be the patent to Bealkowski et al (U.S. Pat. No. 5,307,482), however this reference does not show the claimed details as noted above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Glenn A. Auve whose telephone number is (703) 305-9638. The examiner can normally be reached on M-F (8:00 - 5:30) First Friday Off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Peter Wong can be reached on (703) 305-3477. The fax phone numbers for the organization where this application or proceeding is assigned are (703) 746-7239 for regular communications and (703) 746-7238 for After Final communications.
